## FARM BUREAU PROGRAM FOR THE 4th OF JULY

**DEAN W. C. COFFEY,  
UNIVERSITY DEAN,  
PRINCIPAL SPEAKER**

**PICNIC DINNER AT 12:30 P. M. AT  
LUM PARK STARTS THE FARM  
BUREAU PROGRAM**

**\$100 IN PRIZES FOR RACES, TUG  
OF WAR, HORSE SHOE TOUR-  
NAMENT; FREE DANCING**

For the first time in two weeks or more that the Dispatch is writing up all phases of Brainerd's 50th anniversary celebration and home coming this great event was crowded off the first page. It took something of transcendent importance to do it and that was the primary election. From now on the 50th anniversary and home coming is again in the saddle on the front page.

### Farm Bureau

The Farm Bureau program for the 4th of July is well lined up. Arrangements are being made to have Dean W. C. Coffey of the College of Agriculture, University of Minnesota as principal speaker. Picnic dinner at 12:30 on the grounds at Lum Park will start the program.

\$100 will be spent in races, tug of war and horse shoe tournament. A free dance will be given in the afternoon in the pavilion for those wishing this form of entertainment.

The Farm Bureau is likewise planning two floats for the big parade showing agriculture in its pioneer days up to its present development. From the old covered wagon drawn by oxen followed by men with flails and cradles and the present day to show the modern machinery and livestock of the up-to-date farmer.

Practically every farmer in the county is expected to attend this celebration which is to be the biggest day of home coming week.

### Tag Days Coming

Tag day in Brainerd is going to be second only to the big celebration commencing July 3rd. Everybody seems to be entering into the spirit of it with much good will and to wear one of the "I Have" buttons will be the object of all our citizens. These buttons will be in evidence that the wearer has joined the ranks of "The Brainerd Boosters" and it is suggested that they be worn all during Home Coming week.

Miss Dorothy Carmichael, assisted by eighty young women who have volunteered their services, is in charge of the tag day activities. There is almost a military precision to the arrangements, corners being assigned to certain young ladies to patrol, who will be relieved after a few hours on "duty," and replaced with others.

These young women who are offering this service are showing a commendable civic spirit, for they are giving up other duties to serve their city in this manner. Brainerd is fortunate in having many public spirited women, who are always willing to back up their city in all its activities.

Let us make this service they have undertaken a pelasure by our warm-hearted response. Every dollar invested in one of these buttons will shine like a birthday candle if given in the right spirit. Make a holiday out of tag day—and exchange dollars for buttons—with a smile.

### Automobile Banners

The 25 cent automobile banner printed in black on white canvas is very legible and can be read a half block away. These banners are proving very popular. Boys of the city, are offering them for sale under direction of the publicity committee of the celebration.

### Elks Picnic June 25

At the Elks annual picnic Exalted Ruler J. J. Nolan will give publicity to Brainerd's 50th anniversary and home coming celebration. The picnic will be held on the north shore of Serpent lake at Crosby.

### Housing Committee

The housing committee with R. R. Wise as chairman is working valiantly and showing results. Responses are being received from the city-wide canvass made by mail and rooms are being listed. Mrs. Rose Parker reports that up to noon Tuesday ac-

comodations for 500 were listed in Brainerd.

Accommodations near by Brainerd, at Merrifield, Crosby, Ironton, Deerwood are being listed.

### Gov. Preus Invited

Ex-service men asked Gov. Preus to speak in Brainerd on July 4th and the governor thanked the committee for the invitation but was unable to come because he had previously accepted an engagement in another town.

The old settlers committee through Henry I. Cohen extended him an invitation to speak at Brainerd, July 5th. Again some other town was ahead of Brainerd and the governor was unable to accept this second invitation.

### "Old Settlers Day"

Chairman Henry I. Cohen of Old Settlers Day has now secured Attorney Justin M. Smith, Jr., former Brainerd boy, to speak at the mass meeting. Mr. Smith accepted the invitation with great pleasure.

### Get Addresses Complete

Names of former Brainerd residents should be accompanied with addresses that are correct. About 2 1/2 per cent of the invitations are returned with notations such as "No such postoffice in state named," "Unknown," "Unclaimed," "No such street," "Not here." Although some of these conditions are unavoidable, others can be overcome if people will use greater care in looking up the correct addresses before sending in the name.

1553 invitations have been mailed to date. Homecoming invitations returned for better addresses:

### CAPPER THINKS SECY. WEEKS SHOULD RESIGN

(By United Press.)

Topeka, Kansas, June 21.—Secretary of War Weeks should resign, Senator Capper, republican, Kansas, declared in a statement in today's issue of his Topeka Daily.

Capper declared that Weeks in his recent commencement day address before the Western Reserve university, out-Bolsheviked the Bolsheviks in condemning popular government, in alleged attacks on the primaries and prohibition law, declaring Weeks a moss-back and anachronism. The Kansas senator asserted Weeks is still in the 19th century, and that his seems to be a case of arrested political development.

Such a speech as that of Weeks before the university cannot be taken up seriously, and however mistaken the views expressed are, they must have the effect of shaking the faith of many people in the constitution, Senator Capper declared.

Secretary Weeks' resignation might very well be requested by the president, Capper continued. Capper declared the recent progressive revival in the primaries had alarmed Weeks.

### PREUS AND KELLOGG CONTINUE BIG LEAD IN STATE PRIMARIES

**ON THE DEMOCRATIC TICKET MRS. OLESEN AND INDREHUS, CONVENTION NOMINEES, WIN**

**DAVIS WINS OVER THOREN IN CLOSE VOTE IN THIRD DISTRICT FOR CONGRESSMAN**

(By United Press.)  
St. Paul, June 21.—Interest in the result of Monday's primaries centered in the race between Mrs. Anna D. Olesen and Thomas J. Meighen, for the democratic nomination for United States senator.

Returns from 1,714 precincts out of 3,348 in the state gave Mrs. Olesen a lead of 4,193, and probably the nomination.

Returns from 1,923 precincts gave Frank B. Kellogg a lead of 62,557 over Ernest Lundeen, his nearest opponent for United States senator on the republican ticket.

Charles R. Davis probably has been re-nominated for congressman in the third Minnesota district over R. G. Thoren in one of the closest races in Monday's primaries. Congressman Davis climbed to the lead after Thoren had been given a big lead in early returns. In 276 precincts the vote was Davis, 19,928; Thoren, 19,803.

Governor J. A. O. Preus was leading Franklyn Ellsworth for the republican nomination for governor by a majority of 70,366 in the returns from 1,933 precincts. The cast was 163,150 for Preus, 93,184 for Ellsworth.

Justice Quinn was running nearly two to one over William A. Anderson, his nearest opponent.

For clerk of the supreme court, Grace Kaercher, republican convention choice, and Herman Mueller, candidate for re-election, were the closest on the republican ticket. In 1,479 precincts Miss Kaercher had a lead of 17,202.

Edward Indrehus, democratic candidate for governor, has 19,380 votes to 12,398 for Merle Birmingham.

James Doran, democrat, for attorney general, leads George Siegel 14,211 to 10,669.

Approximately 450,000 republican votes have been cast in the state. The total democratic vote is estimated at approximately 55,000.

### Later Returns

St. Paul, June 21.—With returns nearly complete from Monday's primary election, J. R. Davis is leading R. J. Thoren for the republican congressional nomination in the third district. This is the closest contest in the election.

Republican convention candidates for state offices continued to increase the lead they had in early returns yesterday. Present indications are that William A. Anderson, Minneapolis, will oppose Justice James H. Quinn for election in November to the supreme court bench. A Vernon, former American Legion state commander, held second place in the returns yesterday, but today's count showed him to be 13,000 votes behind Anderson.

James E. Doran leads George L. Siegel by 4,000 votes for the democratic nomination for attorney general. Mrs. Anna D. Olesen has a lead of 4,000 over Thomas J. Meighen, for the democratic nomination for the United States senate, with reports in from half of the state.

In the same precincts Edward Indrehus is leading Merle Birmingham by a vote of 7,000 for the democratic nomination for governor.

**Davis Leads Thoren 125**  
St. Paul, June 21.—Almost complete returns from the primary election Monday, from the third congressional district, make it practically certain that Representative C. R. Davis has won over Thoren for the republican congressional nomination.

With just a few scattered precincts still out, Representative Davis has a lead of 125 over Thoren.

### HUNDREDS KILLED IN FLOODS THAT SWEEP SAN SALVADOR

(By United Press)

Washington, June 21.—Hundreds of persons were killed in floods that swept San Salvador, and reduced the whole city to ruins, cable advices to the American Red Cross here stated today.

The flood struck San Salvador June 14, the Red Cross was notified.

A cablegram from the American legation there stated the damage was greater than first reports indicated.

### PRES. HARDING SIGNS FEDERAL ROAD BILL

**CONSTRUCTION OF 25,000 MILES MILES POSSIBLE UNDER APPROPRIATION MADE**

(By United Press)

Washington, June 21.—Construction of 25,000 miles of new roads in all parts of the country is possible under the additional appropriation bill for road work which is signed by President Harding, the department of agriculture estimated today.

The total sum of \$190,000,000 is available.

Minnesota will receive \$1,415,731 and North Dakota \$776,476. These funds must be matched by the state, and will be administered subject to general provisions already enforced.

### "BIG FOUR" DODGES RAIL-MINE PARLEY

**BROTHERHOODS FAIL TO SEND ENVOYS TO MEETING—CLERKS TAKING STRIKE VOTE**

Cincinnati, June 20.—Chiefs of the four big brotherhoods have turned the damper on the "coalition" which rail union and mine union chiefs are to consider at Cincinnati today.

Warren S. Stone, president of the Locomotive Engineers, sent word it would be impossible to attend "because of important previous engagements." W. S. Carter of the Brotherhood of Firemen and Enginemen, replied he could not attend on account of "pressing business."

The big brotherhoods are not affected by the wage reductions.

The first move toward a walkout of the clerks was the authorization of a strike vote being taken on the New York Central system. Approximately 14,000 men are affected, it was learned at the clerk's headquarters here.

Edward H. Fitzgerald, president of the clerks, issued a statement last night declaring that if his men favor a strike officials of the union will give their sanction.

### Labor Board to Urge Wage Cut Acceptance

Chicago, June 20.—Acceptance of the \$135,000 wage cuts July 1 will be urged upon railroad workers by the United States railroad labor board in a reply to Sunday's "ultimatum" from the union chiefs at Cincinnati to the effect that if the workers vote for a strike the leaders will sanction it. The answer of the board, which is being prepared by Chairman Ben W. Hooper, will go into phases of the readjustment period, such as rail wages and their relation to transportation costs and to industry and production in general.

Gossip on the outside is that it may find its text in a paragraph from the wage reduction order dealing with the business revival now in progress and the manner in which transportation dovetails into it. It reads:

"That the carriers shall have a fair opportunity to profit by the revival of business in order that they may expand their facilities is absolutely indispensable to their efficient service to the American public. This must not be misconstrued to mean that the employees should be called upon to bear the cost of railway rehabilitation, improved service and reduced rates. It means every citizen, including railway employees, should bear and forbear until the carriers are back on their feet."

### Keep Enemy Guessing

Cincinnati, June 21.—Surrounding their plans with complete secrecy, representatives of the United Mine Workers and the railroad union men here today were prepared "to keep the enemy guessing" as to the strategy they will employ in the joint strike program on which they have decided.

At a conference late last night, the first formal meeting of the conference, the policy of the commission was set up. Last night's session was devoted largely to discussion of legal possibilities, such as danger of prosecution on a charge of conspiring in the event that the two groups united together in a strike movement affecting the shipment of coal in interstate commerce.

### TRIAL OF GOVERNOR SMALL DRAWS TO CLOSE

(By United Press.)

Waukegon, Ill., June 21.—The trial of Governor Len Small drew rapidly to a close today.

Closing arguments were rushed in hope that the case might get to the jury by Saturday. Discussion of the judge's instruction and agreement on argument was taken up at the morning session.

Closing appeals to the jury were expected to start during the day.

### THE AMERICAN LEGION CHARGES VETERANS BRIBED TO PROTEST

(By United Press.)

Indianapolis, Ind., June 21.—Charges that certain financiers corralled a few disabled veterans recently and brought them up before President Harding, for which they were probably well paid, and had their pictures taken as a protest against the soldier bonus, were made public by the American Legion National headquarters here today.

"Veterans who were in the world war and suffering from wounds or are disabled, have entered a protest against the use of their names to fight the bonus," it was announced.

The charges were brought by letter from Robert Smythe, of Cincinnati, a national representative of the Disabled American Veterans.

Smythe quoted his organization as saying the bonus would not interfere with the government care of the disabled veterans.

### HOUSE WILL HOLD 3 DAY RECESSES

(By United Press)

Washington, June 21.—A series of three day recesses starting July 1 and continuing until the senate finally disposes of the tariff was planned by house members today following President Harding's acceptance of the plan to postpone action on the ship subsidy bill for a month. If everything goes smoothly and the house is able to get away, expected politicians will start to come shortly all over the country. The 435 house members are eager to recess so that they will have an opportunity to get back to their congressional districts and begin mending political fences.

The three day recess planned will enable those who live close by to get in the house every third day and move another recess. The bulk of the members could leave Washington and not return until the tariff bill was ready to be sent to the conference between the house and the senate. Only three or four pieces of important legislation still requires action by the lower branch before it can take a vacation to wait for the senate to catch up.

### NEGRO HOLDS CROWD AT BAY WITH REVOLVER

(By United Press)

Minneapolis, June 21.—An unidentified negro last night held a crowd of 500 at bay by flourishing a revolver he had wrested from Policeman George H. McNamee.

McNamee arrested the negro following complaint that he had been annoying white girls. On the way to the station, the negro attempted to escape. McNamee fired at him four times, and in the scuffle which ensued, the policeman's weapon was wrested from him. The man escaped.

This disturbance was the third in the negro district last night. Three negro clubs were closed late in the evening in an effort to quell racial trouble.

### SEN. CAPPER WILL LEAD NATIONAL PROGRESSIVE UPRISING

(By United Press)

Topeka, Kan., June 21.—Senator Capper, Kansas, a member of the congressional farm bloc, is about to lead a national progressive uprising, it was persistently reported in political circles in the senator's home town here today.

Close friends of Capper and political observers here saw in his statement condemning Secretary of War Weeks' alleged attack on the primaries and prohibition laws, the opening gun of Capper and his forces.

But speculative reports had it that Capper is greatly enlarging the number of publications of which he is editor and is considering becoming a candidate for the presidency on a farm bloc, labor and general progressive platform.

The race for sheriff was the most exciting the county has ever witnessed and it winds up with former Sheriff Reid polling 1387 votes and Sheriff Claus A. Theorin next with 1163. These will be the two to enter the regular election.

In the race for county attorney Walter F. Wieland polled 2537 votes and was high man, followed by D. H. Fullerton with 2172.

The evening will be replete with fireworks and a band concert.

All Elks who have surplus room in their cars should call at the Elks club in Brainerd and carry people. All Elks minus transportation should be at the Elks club to be picked up.

Many will not wait for cars but will take the afternoon train for Deerwood and then travel by bus directly to the picnic grounds. Returning, there is also good bus and train service.

## TRIBUTE TO PRESIDENT HARDING

SELDOM have the character, ability, and achievements of President Harding been epitomized to better advantage, than by the Dean of Princeton University in presenting to Mr. Harding the degree of Doctor of Laws. The degree was bestowed by the school over which Woodrow Wilson presided for many years before his entry into politics, and the words of the Dean take on an added significance when it is realized that Mr. Harding has won his way to the hearts of the people by following principles widely at variance with those set up by his predecessor in office.

We extract the following paragraphs from the Dean's able and brilliant address:

"Whatever differing party judgments may properly be held as to politics, our people are one in honoring his readiness to seek the best advice, his strict endeavor to find the real truth, his capable handling of complicated difficulties, his immense patience and self-effacing modesty.

"The sweeping away of extravagant waste and the forming of a budget system show him a master in finance. His vote as Senator for the anti-strike clause in the railroad bill, and his attitude as President on the bonus reveal his quiet courage, and the great work of the conference for limiting armaments, assembled at his call, has won the gratitude of the world.

"His charter in things political is the Constitution. His guide in things spiritual is the Bible. First seeking to make American liberty sure, he is well aware that charity begins at home, but does not end there. He stands in the tradition of Lincoln, a man of the people, leading the people, heeding the will of the people and the need of the world."

## THE EMPLOYMENT SITUATION

In explaining the employment situation as it exists today, a leading Democratic paper says "There is a vast amount of railroad construction going on." He might well have added that this is due largely to the action of the Republican Congress which turned the railroad back to their private owners and ended the Democratic government control policy of neglecting maintenance. We are also told that workers are benefited by the law restricting immigration, although we are not told that this was passed and is continued in force by a Republican Congress. The Democratic editor would not give due credit to a Republican administration.

Still a further explanation might well have been given, showing additional reasons why there are more jobs for wage workers. The Republican administration reduced substantially the taxes that discourage industry; it rejected the debt cancellation scheme, which would have saddled the country with an additional debt of \$11,000,000,000; it adhered to the traditional policy of avoiding entangling alliances with Europe; it reduced rates of interest, thereby encouraging enterprise; it helped the farmers recover from the deflation program of the Democratic administration; it terminated government meddling with private business.

Now, with unemployment ended and all lines of business thriving, it is difficult to imagine on what grounds the Democrats will seek votes in the election in November.

## DEMAND FOR GOLD COINS

AN indication of the upward trend in business and industry is seen in the announcement from the Treasury department that the demand for gold coins is speeding up operations in the mints. Last month the mints coined 70,000 gold pieces of the \$20 denomination. The bankers report that double eagles are being distributed rapidly and the supply in the banks is unequal to the demand. The June coinage probably will exceed that of May, which was the largest month for gold coinage since the war. The stock of gold bullion listed by the Treasury department is estimated at \$2,845,523,883. The amount of gold coin in circulation is \$296,823,767.

## TO GUIDE NIGHT FLIERS

ARRANGEMENTS are being completed by Second Assistant Postmaster General Henderson, who has charge of the air mail service, for establishing a great white way between New York and Chicago to guide night fliers in the mail service. Men employed by the Postoffice Department are now prospecting the route and arranging to install great beacons not more than twenty-five miles apart. Regular and emergency landing fields, brilliantly lighted, will be installed. Chicago plans the construction of two immense landing fields suitable for night landing.

## THE SHIP SUBSIDY BILL

THERE are some very practical and excellent reasons for a ship subsidy bill, and they are not hard to find. Our government at present owns about 1,400 ships, two-thirds of the entire American marine. At least a thousand of them are idle, and their maintenance is very costly. In operating the other 400, the government is losing about \$50,000,000 a year. The intention of the administration is to sell the vessels to private operators, but none will buy because they cannot afford to own and operate American ships under present conditions. The remedy is the subsidy bill now pending in Congress.

FRENCH officials, after years of effort, have determined that national control of the railroads has been a failure, and a new company will be formed to take over the lines. It is the same old story—take away private initiative and efficiency disappears.

THE French are said to be demanding lower living costs. They might review what has taken place in the United States in the last fifteen months. Retrenchment is always possible if the right policies are backed by determination.

## OTHER PEOPLES OPINIONS

## AN OLD TIMER'S OPINION

Editor Brainerd Dispatch:

I have read your editorial in regard to the portrait of the "Father of Our City", L. P. White, presented to our city by his people. It is a shame that it should be consigned to the dingy attic of our City Hall. Now as an old timer, I condemn our City Council and the employees of our City Hall in permitting such a disposition of the portrait of that "Historical Man", a citizen's shame.

## INFURIATED FATHER HACKS TO DEATH DAUGHTER'S ASSAILANT

(By United Press)

New York, June 21.—Trapped in a cellar by Sebastino Svordenano, whose seven-year-old daughter Lillian he was accused of attacking, Thomas Meighan, 62, was hacked to death today by the infuriated father.

Meighan put up a terrific battle for life, but was terribly mutilated by Svordenano, who confessed, saying simply, "It was my duty. I had to defend my family name."

The little girl was criminally assaulted two weeks ago. She refused to tell her assailant's name, and Meighan, the janitor, was suspected.

## Pride and Vanity.

I would much rather fight pride than vanity, because pride has a stand-up way of fighting. You know where it is. It throws its black shadow on you, and you are not at a loss where to strike. But vanity is that delusive, that insectivorous, that multiplied feeling; and men that fight vanity are like men that fight widges and butterflies. It is easier to chase them than to hit them.—Henry Ward Beecher.

## Marking the Gentleman.

The appellation of gentleman is never to be affixed to a man's circumstances, but to his behavior in them.—Steele.

## HOUSEWORK IS A BURDEN

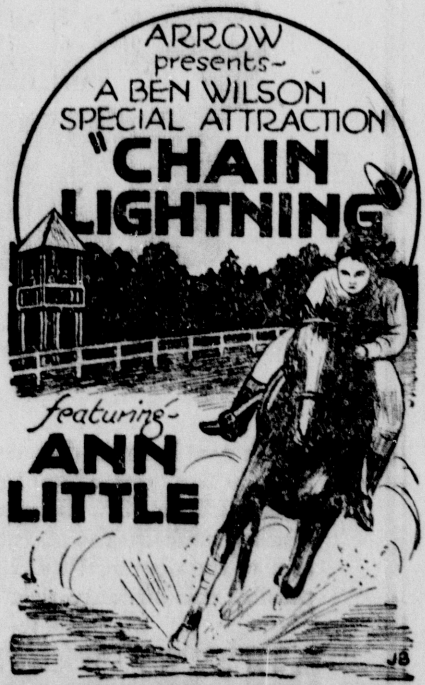

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Brainerd women. Ask your neighbor.

Mrs. W. H. Everest, 807 7th St. S., Brainerd, says: "I had terrible pains in my back that fairly made me sick to my stomach. If I exerted, my back became sore and lame and it was hard to do housework. My kidneys didn't act as they should and as Doan's Kidney Pills had been used in the family with good results, I started taking them. A few Doan's bought at Johnson's Drug Store soon gave me relief."

The above statement was given November 13, 1917 and on August 19, 1921, Mrs. Everest added: "Doan's Kidney Pills are a good kidney remedy for they cured me of a case of kidney trouble and of late years I have no need of a kidney medicine. I am glad to confirm my former statement."

**Very Much to Be Desired.**  
We all should like a cook such as an English clergyman advertised for in the London Times. In his advertisement he said among other things that it was essential not only that his cook should have a sense of humor but also that she should excel in the spirit of Galatians, verse 22. Now Galatians, verse 22, reads thus: "But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith."

## To Make Scientific Investigations.

Mountain miners in the Andes do heavy labor in a rarefied atmosphere that makes the slightest effort fatiguing to newcomers, says the Scientific American, and Canadian scientists are in Peru to discover whether this immunity of the miners is due to changes in the blood or to other functions. The scientists will yield their own blood, both at sea level and at three-miles altitude, and the samples will go to our universities for analysis.

## France Encourages Aviation.

France recognizes the value of air travel and its importance to the future. She has budgeted 154,878,000 francs for civilian aviation for the year 1922. Naturally, Paris is the great center of French commercial aviation, the Le Bourget airdrome in the suburbs taking on the appearance of a busy railway terminal. Airplanes to and from London (five departures daily) and Brussels carry the largest number of passengers.

## HAVE NO WORRY ABOUT DATES

In Fortunate Albania They Knew Nothing of Such Things as Calendars or Clocks.

Calendars and clocks are luxuries in Albania. The untutored peasantry know only three periods of time—morning, noon and night, and two seasons of the year, winter and summer. Days and dates are Sanskrit to them. Nor have they any conception of distances. When a traveler asks an Albanian the distance of one point from another, he never answers in miles or kilometers, but "it is half a day, it is two days, it is a week." When an Albanian makes an appointment, he is considered to have kept it if he comes within two or three hours of the time set.

With the absence of calendars, the people naturally do not know their correct ages, especially those in the country districts. In this respect the women of Albania enjoy an advantage over their sisters in foreign countries who guard so jealously the secret of their years. Often the age of an Albanian woman is unknown even to herself.

## British House of Lords.

John Wilson Croker, in a letter written shortly before his death in 1857, mentions that going over to the lords from the commons one evening he noticed, as a fact, "not unimportant to constitutional history," that every one of the 30 peers then present had sat with him in the house of commons. "It shows," he says, "how completely the house of commons has been the nursery of the house of lords." There are usually in the house of lords about 200 peers who have sat in the house of commons.

## AMUSEMENTS

## "The Homestretch"

Members of the sporting fraternity who enthuse at the sight of a thoroughbred racehorse and who, in a period now almost gone, have thrilled at the hair-raising finish of a great metropolitan handicap, will revel in the many spectacular racing scenes which feature "The Home Stretch," Douglas MacLean's latest Paramount picture which will be presented at the Lyceum tonight and Thursday.

The tense moments of waiting for the start, and the murmuring shout of "They're off!" the stirring finish and the feverish excitement of the betting ring will reawaken glorious memories of the days when Belmont Park, Latonia, Saratoga Springs, Ascot and Emeryville were the worshipping shrines of the disciples of Chance.

The horses which take part in the racing scenes, and which are seen at close quarters in the track paddock prior to the races, constitute the pick of the American turf.

Douglas MacLean in the "Paramount Picture" "The Home Stretch" A Thomas H. Ince Production

"The Home Stretch" affords Douglas MacLean unequalled opportunities to demonstrate his ability in character portrayal and his pictorialization of Johnny Hardwick, a veteran turfman of immature years, is said to be his outstanding screen achievement. Beatrice Burnham is his leading woman.

## John Gilbert in "Glean o' Dawn"

Another new star is in the picture firmament. He is John Gilbert. He will be at the Lyceum theatre next Friday in a William Fox production, "Glean o' Dawn," based on the novel of that name by Arthur Goodrich, author of the play "Yes or No." Gilbert has been acting since he was a child. He travelled so much that he left the stage for pictures to settle down and have a permanent home. He is a fine actor. Mr. Fox made him a star because of his remarkable work in the big Fox special production "Shame," in which Gilbert played a dual role—father and son.

## Constance Talmadge One of Beauties

Old Silas Meacham always had the habit of getting the wrong cue. Sometimes it didn't make much difference, but when he butted in on the amateur movies that his niece,

Polly, with long ambitions and short experience, was staging he crabbled the show. That furnishes an idea of how he becomes an unwelcome interloper in "Polly of the Follies," the First National attraction starring Constance Talmadge, that will be shown at the New Park tonight and Thursday.

The story centers upon the girl who decides to decamp from the old homestead and emulate her thousands of sisters-of-the-ingham-gown in seeking fame in the city. The difference is that Polly actually manages to see Flo Ziegfeld and obtains a tryout for

Constance Talmadge in "Polly of the Follies"

the Follies. After that her experience furnish a new and original chapter in the life of the stage-struck, honest-but-hard-working daughter of the soil.

## "Chain Lightning"

The big scene in "Chain Lightning"—and, incidentally, one of the biggest scenes ever screened for any picture—takes place on a racetrack, when the heroine, splendidly played by Ann Little, rides her father's horse to victory. Ben Wilson the producer-director, was more than a little dubious at first as to Miss Little's ability to handle the nervous, high-spirited beast that has the title role in the production. "We can have someone double for you," he said, "some experienced horsewoman that is better trained to the saddle than you are. The public will never know the difference." Whereupon Miss Little, very loudly and emphatically, said NO! Not for nothing had she been starred in one hair-raising serial after another; not for nothing had she taken every chance that it was humanly possible for a girl to take. If there were any risks floating around she wanted 'em for herself.

The energetic little lady spent the next few hours practicing, and how well she acquired the art of handling a race horse is conclusively demonstrated at the New Park theatre, where "Chain Lightning" is the featured attraction on Friday and Saturday.

## FOR THE SEPARATE SKIRTS

Self-Fringe One of Season's Most Popular Trimmings; Fabric Is Merely Raveled.

Whether the material is of cotton, wool, or silk, so long as it is a loosely woven and rather heavy mesh, self-fringe is one of the season's most popular trimmings for separate skirts. The fabric is merely raveled to form a fringe as deep as is desired, then the edge is over-cast or "whipped" and there you are!

A skirt which features this trimming most effectively, has three tunics or plain flounces raveled and finished at its edge. It was shown in a coarse mesh, white silk fabric, the slit pockets being finished with little self fabric straps caught in the center with a metal filigree buckle.

With this skirt is worn an interesting sweater, knitted on Tuxedo lines, but without the usual revers and collar. The sweater was in brown wool, with knitted-in polka dots of tan finishing in front. The sleeves had ribbed cuffs.

Vivid colors are playing an important part in the new separate skirts, many are entirely in one bright shade, such as jade or grass green, poppy or spark red, orange or dandelion yellow, while equally as many are in a bright checked or striped silk. Plain skirts are taking precedence over the pleated ones this season, and there seems to be a vigorous leaning to all white as well as to the bright shades. More linen skirts will be worn, according to indications, than for several years.

In the line-up of sweaters, the slip-over model, either in the striking Navajo pattern or in white with a broad line check in color, has been a great favorite, but with the arrival of warm weather it seems logical that the Tuxedo sweater will come into its own. The slip-over is rather warm, and certainly not easy to put on and off.

## SOUTACHE BRAID ON DRESSES

Interesting Revival Noticed in Use of Decoration; Favorite With French Designers.

There has been a most interesting revival of the use of soutache braid. On a number of the newer frocks this form of trimming can be seen. There is row after row of braid sewed upon the ends of chiffon sleeves, so that, while they give an entirely transparent effect, they have at the same time that necessary heaviness which goes to give a sleeve of this sort its particular portion of style.

A gray dress of serge had chiffon sleeves of the same color, and then the soutache braiding was done in black on the ends of the sleeves. Braiding in dark green was added to a lighter green frock, and the black braiding on dark blue is something that is as good this season as it has been during many other seasons in the past.

The French designers are using this tiny braid to make all-over embroidered designs, and one of Lanvin's most successful models of the season is made with a little white short-sleeved coat, which shows its surface entirely covered with braiding of this sort.
